

FIFA 10

PRECAUTIONS

This disc contains game software for the PSP™ (PlayStation®Portable) system. Never use this disc on any other system, as it could damage it. Read the PSP™ system Instruction Manual carefully to ensure correct usage of discs that have been repaired with adhesives as this could lead to malfunction.

Push down one side of the disc as shown and gently pull upwards to remove it. Using excess force to remove the disc may result in damage.

Place the disc as shown, gently pressing downwards until it clicks into place. Storing the disc incorrectly may result in damage.

HEALTH WARNING

Always play in a well lit environment. Take regular breaks, 15 minutes every hour. Discontinue playing if you experience dizziness, nausea, fatigue or have a headache. Some individuals are sensitive to flashing or flickering lights or geometric shapes and patterns, may have an undetected epileptic condition and may experience epileptic seizures when watching television or playing videogames. Consult your doctor before playing videogames if you have an epileptic condition and immediately should you experience any of the following symptoms whilst playing: altered vision, muscle twitching, other involuntary movement, loss of awareness, confusion and/or convulsions.

PIRACY

The PSP™ system and this disc contain technical protection mechanisms designed to prevent the unauthorised reproduction of the copyright works present on the disc. The unauthorised use of registered trademarks or the unauthorised reproduction of copyright works by circumventing these mechanisms or otherwise is prohibited by law.

If you have any information about pirate product or methods used to circumvent our technical protection measures please email anti-piracy@eu.playstation.com or call your local Customer Service number given at the back of this manual.

PAN EUROPEAN GAMES INFORMATION (PEGI) AGE RATING SYSTEM

The PEGI age rating system protects minors from games unsuitable for their particular age group. PLEASE NOTE: it is not a guide to gaming difficulty.

Comprising two parts, PEGI allows parents and those purchasing games for children to make an informed choice appropriate to the age of the intended player. The first part is an age rating:-

The second is icons indicating the type of content in the game. Depending on the game, there may be a number of such icons. The age rating of the game reflects the intensity of this content. The icons are:-

VIOLENCE

BAD
LANGUAGE

FEAR

SEXUAL
CONTENT

DRUGS

DISCRIMINATION

GAMBLING

The third part is an icon indicating the game can be played online. This icon may be used only by online game providers who have committed to uphold standards which include the protection of minors in online gameplay:-

SYSTEM SOFTWARE-UPDATES

This PSP™ (PlayStation®Portable) Game includes System Software update data for the PSP™ system. An update will be required if an "update request" message is displayed on-screen at game start-up.

Performing a System Software update

The update data is displayed with the icon shown here on the Home Menu.

By following the on-screen instructions, you can update the System Software of the PSP™ system. Before performing the update, check the version number of the update data.

- During an update, do not remove the AC Adaptor.
- During an update, do not turn off the power or remove the PSP™Game.
- Do not cancel the update before completion as this may cause damage to the PSP™ system.

Checking that the update was successful

Select "Settings" from the Home Menu, and then select the "System Settings" option. Select "System Information" and if the "System Software" version number displayed on-screen matches the version number of the update data, then the update was successful.

For details on System Software updates for the PSP™ system, refer to the following website: eu.playstation.com

PARENTAL CONTROL

This PSP™Game software has a preset Parental Control Level based on its content. You can set the Parental Control Level on the PSP™ system to restrict the playback of a PSP™Game with a Parental Control Level that is higher than the level set on the PSP™ system. For more information, please refer to thePSP™ system Instruction Manual.

This game is classified according to the PEGI rating system. The PEGI rating marks and content descriptors are displayed on the game package (except where, by law, another rating system applies). The relationship between the PEGI rating system and the Parental Control Level is as follows:

PARENTAL CONTROL LEVEL	PEGI RATING AGE GROUP
9	18+
7	16+
5	12+
3	7+
2	3+

STARTING THE GAME

RIGHT SIDE VIEW

TOP VIEW

1. Set up your PSP™ (PlayStation®Portable) according to the instructions in the PSP™ system Instruction Manual.
2. Turn the PSP™ system on. The POWER indicator lights up in green and the Home Menu is displayed.
3. Press the OPEN latch to open the disc cover. Insert the *FIFA 10* disc with the label facing the rear of the PSP™ system and then securely close the disc cover.
4. From the Home Menu, select the  icon and then the  icon. A thumbnail for the software is displayed. Select the thumbnail and press the  button to start the software.
5. Follow the on-screen instructions and refer to this manual for information on using the software.

NOTE: Do not eject a PSP™ Game disc while it is playing.

MEMORY STICK DUO™

Warning! Keep the Memory Stick Duo™ out of reach of small children, as the Memory Stick Duo™ could be swallowed by accident.

Warning! Do not push the POWER/HOLD Switch whilst data is being uploaded from the PSP™ Game disc as this may cause data corruption.

This title uses an autoload feature on boot up where any data present on the Memory Stick Duo™ will be autoloaded.

To save game settings and progress, insert a Memory Stick Duo™ into the Memory Stick Duo™ slot of your system. You can load saved game data from the same Memory Stick Duo™ or any Memory Stick Duo™ containing previously saved games.

NOTE: Make sure there is enough free space on your Memory Stick Duo™ before commencing play.

NOTE: This title uses an autosave feature. Insertion of a Memory Stick Duo™ after boot up may result in data being overwritten.

PSP™ SYSTEM

WIRELESS (WLAN) FEATURES

Software titles that support Wireless (WLAN) functionality allow the user to communicate with other PSP™ systems, download data and compete against other users via connection to a Wireless Local Area Network (WLAN).

AD HOC MODE

Ad Hoc Mode is a Wireless (WLAN) feature that allows two or more individual PSP™ systems to communicate directly with each other.

GAME SHARING

Some software titles feature Game Sharing facilities which enable the user to share specific game features with other users who do not have a PSP™ Game in their PSP™ system.

INFRASTRUCTURE MODE

Infrastructure Mode is a Wireless (WLAN) feature that allows the PSP™ system to link to a network via a Wireless (WLAN) Access Point (a device used to connect to a Wireless network). In order to access Infrastructure Mode features, several additional items are required, including a subscription to an Internet Service Provider, a network device (e.g. a Wireless ADSL Router), a Wireless (WLAN) Access Point and a PC. For further information and setting up details, please refer to the PSP™ system Instruction Manual.

SETTING UP THE GAME

USER PROFILE

Before heading out onto the pitch, you must create a user profile. This step is required in order to play online or save your progress in various game modes to your Memory Stick Duo™. Access your profile from the main menu.

PLAYING THE GAME

Select KICK-OFF to head straight onto the pitch and take on any club or national team in the game.

SAVING AND LOADING

If you've enabled the Autosave feature (via your profile) your files are saved automatically to the Memory Stick Duo™ when you begin playing, start a management career, enter a Tournament, or exit a match.

- ▶ To save your progress manually, access the save option in the mode's central menu and follow the on-screen instructions. To save squad changes, select SAVE SQUADS from the MY FIFA 10 menu.
- ▶ To load a saved file, select the load option in the relevant mode.

GAME MODES

NEW BE A PRO: CLUB AND COUNTRY

It's time to bring your game to the international level with Be A Pro: Club and Country! Choose your club, pick your player, and perfect his position.

Once you've adopted your new role, you have to think like a real player. Decide when to make a run and when to hold back, who to mark, and how much ground to cover.

Perform well in your position for the chance to compete for a place in your country's national team. If you have the skills, be prepared to represent your nation in the 2010 FIFA World Cup™.

NOTE: Before taking to the pitch, you must create a profile in order to track game stats and player development.

BE A PRO CAMERA

Live every game with the Be A Pro Camera, which provides you with a player-focused view of the action as it unfolds.

BE A PRO: CLUB AND COUNTRY CONTROLS

If you're going to play as a pro, you've got to think like one. When your team is on the attack, time your runs and call for the ball at the right moment. When defending, ensure you cover any dangers posed by your opponents. Teamwork is everything in soccer and communication with your teammates is the key to success. Wherever you are on the field, make sure you use the following commands to increase your chances of victory:

Call for pass	⊗ button
Call for long pass/cross	⊞ button
Call for through ball	△ button
Call for keeper charge	△ button (hold)
Call for shot	⊙ button
Apply pressure (when defending)	⊙ button (hold)
Call for second defender	L button (hold when defending)

NOTE: A pro knows that they must always work on improving their skills. Many control options only become available after you have earned a set amount of XP. The more you play, the more control you're given.

INDICATORS

Be A Pro: Club and Country provides many of the same challenges faced by real players. Use the indicators provided to make sure you're in the right place at the right time.

POSITIONING

Knowing where to be on the pitch at any given moment is a must, whatever position you've adopted. In order to improve your positional sense, use the arrows as a guide. Follow them until they disappear to make sure you're in the right place at the right time.

OFFSIDE

To ensure the assistant referee doesn't bring a swift end to another attacking move, make sure you keep an eye out for his flag. When you stray offside, a flag icon appears. To avoid being pulled up (and losing valuable XP), run back and past the last defender to get into an onside position.

XP (EXPERIENCE POINTS)

Your every move is rated during the match, whether you're caught out of position or pull off a stinging shot, with an explanation appearing at the bottom of the screen.

At the end of the match, your overall performance is calculated and, if you've had a good game, you're awarded XP in the Match Results screen (and gain extra XP by completing player and team tasks set before the game). Every time you fill the level meter, purchase further upgrades for your player by selecting **PLAYER MANAGEMENT** in the Career Central screen.

OTHER GAME MODES

NEW THE SEASON

The Season allows you to guide your favourite club through an entire season. Over the course of your game calendar, play through multiple domestic and continental competitions. This mode tracks statistics for each individual competition and rewards match based objectives. There is no need for finances or training. Just pick up and play.

TOURNAMENT

Test your skills in a featured tournament or customize one of your own.

MANAGER MODE

Make the right decisions over a 15-season career to get the best out of your players, earn prestige, and meet the expectations of your board. Keep an eye on your team chemistry, fan support, player contracts, job security, and regularly check your messages to stay ahead of the game.

SPONSORSHIP OFFERS

As your team's manager it is up to you to select the right team sponsor. Sponsors provide a good deal of your operating budget and are often interested in different things. Be sure to choose wisely.

OFFICE

Use the tools available in your office to manage your staff and scouting opportunities. Check your board's expectations and view your personal management history.

TEAM MANAGEMENT

Give players plenty of match experience to improve their skills. View the Match Facts screen after matches to see a player's current match experience and check his Player Bio screen for changes in his attributes.

STATISTICS

View a complete breakdown of your squad's performance.

FRIENDLIES

When you start your career, schedule four pre-season friendly matches. Friendly matches help you get to know the strengths and weaknesses of your team, but you run the risk of injuries while playing.

PLAY A MATCH

Select NEXT MATCH to enter into the next game on your calendar. Selecting PLAY MATCH allows you to actively play your squad in the match. Choose QUICK SIM to resolve a match quickly (without your input) or VISUAL SIM to simulate a match with the option to intervene and call the shots from the touchline. Access Team Management, view lineups, or choose to play the match as normal at any time. Additionally, set ticket pricing for home games to try and best suit your team's needs and fan support.

CHALLENGES

Put yourself in the boots of some well-known players in a variety of testing scenarios.

SOCCER IQ

Prove you're as skilled with your mind as you are with your feet to unlock new game content.

NOTE: Local Game questions are all about your team and the league they're in. National Cup focuses on the country your team is from, and International Championships cover the entire world of soccer.

How to play:

- ▶ Once the first question is thrown at you, select DRIBBLE to take the question or PASS to pass the ball and get a new question. Note that passes go to an open teammate who is behind you, so passing a lot moves the ball slowly back towards your own goal.
- ▶ Select the button corresponding to your chosen answer on-screen. If you answer incorrectly, the opposition takes control of the ball and moves it closer to your goal. Answer a question correctly and you'll move the ball up the pitch towards the opposition's goal.
- ▶ When you're close enough to the goal, try to score by answering two questions in a row—one to shoot and one to get it past the keeper. The difficulty of the questions depends on the level of knowledge you display.

PRACTICE MODE

Perfect your skills in Free Practice, Corners, Free Kicks, or Penalty Shoot-Out.

PROFILE INFORMATION

While in the main menu, press the **○** button to check out this graph and view your usage of the various modes in *FIFA 10*. Play more modes to gain a more complete profile. Additionally, while in this screen press the **SELECT** button for help and advice on better filling this graph.

TEAM MANAGEMENT

Before heading out to the pitch use this option to ensure your squad is at its best. View and adjust your starting 11, review and reset your kick takers, set your formation and choose from over a dozen team styles. This menu is available in the My FIFA 10 main menu options and prior to every match in most game modes. If Auto-save is disabled, you need to manually save your changes by selecting SAVE SQUADS in the My FIFA 10 menu.

CUSTOM FORMATIONS

Create your own formation to pull off that tactical masterstroke. To build a formation, select MY FIFA 10 > TEAM MANAGEMENT > CUSTOM FORMATION and follow these instructions:

1. Choose an empty save slot.
2. Select a formation to use as a base.
3. Select a position (the green box shows the area it currently covers).
4. Use the analog stick to move the selected position within the formation, and then select DONE. (If you move a position outside the green box, it turns into a new position).

NOTE: A position's color changes according to which third of the pitch it's in: red for strikers; green for midfielders; blue for defenders; and orange for goalkeepers.

5. To define a position's attacking runs, select a position from the list, use the analog stick to choose a direction, and press the **⊗** button to confirm each one. (You assign up to two directions to each position).
6. Select DONE and then assign defensive runs in the same way as attacking ones.
7. Name your custom formation and press the **START** button. Select the team you wish to assign this formation to and select DONE.
